Chicago Strike Situation Assumes More Threatening Aspect.

Everything To-day Points to Extension of Strike to Other Lines of Business.

Chicago, May 22.—Sunday brought no change in the attitude of either side to the labor controversy now in progress in Chicago, and everything to-day points to an extension of the teamsters' strike to many other business houses during the week. The officials of the seven express companies whose refusal to reinstate any of their striking employees caused the collapse of the settlement of the trouble Saturday night, still adhere to their determination not to give employment to any of their former employees, and the other firms involved in the difficulty declare that they will stand by the express companies in the fight. The teamsters' union has taken just as firm a stand as the employers, and it is stated by President Shea that the union will never call off the strike until the express companies come to terms.

The first spread of the strike is expected to come when the lumbermen's association, an organization employing 2,400 teamsters, issues an order to their men to make deliveries to all business houses regardless of whether they are involved in the strike or not. In anticipation of such an order the teamsters met Sunday afternoon and voted to go on strike should any teamster be discharged or refusing to obey the order of the association. With non-union drivers making deliveries for the lumbermen the trouble will undoubtedly spread to affiliated industries, as the union men employed on buildings will refuse to handle material delivered by non-union labor. Should this strike be called there seems to be nothing that can prevent a general industrial upheaval in Chicago.

FUNERAL OF W. S. HALL, A LARGE ONE

Aged and Honorable Citizen is Laid to Rest in Raleigh Cemetery.

One of the largest funerals ever held in the county, was that of Squire W. S. Hall, who died Saturday morning at 8 o'clock at his home near Raleigh, and who was laid to rest in the cemetery at Raleigh at 10 o'clock this morning. People gathered from all parts of Rush and northwestern Fayette county to pay their last respects to this grand old man, who lived for the good of others. The services were held at the late residence, conducted by Rev. Crosby, a Universalist preacher of Indianapolis.

Communicated.

Generous to a fault of man. As grand to the people of Indiana as the loved Hendricks who was once first in honor of his State and second in national honor. He fell in the giant struggle with death, manfully, with wonderful longevity, revealing to posterity his inviolate duty to natural laws in life. As he crossed the Jordan and watched the receding beauties of spring time on earth, he may have remarked to the attending Gabriel, "that the last view of earth was like the fading streak of a meteor, but the glow of the beyond is more than mortal, after the change, deserves." Flowers upon his grave will fade quickly from their beauty, but the memory of his grand life will last for ages.

PLANTED 250,000 TREES

John P. Brown, Editor of Arboriculture, Did Work for L. & N. Railway Company.

(Connersville News, Saturday.)

John P. Brown returned home night for few days stay. During the past week he has planted 203,000 Catalpa trees at Carneys, Alabama, for the Louisville & Nashville Railway company. These trees were grown from seed collected under direction of the International Society of Arboriculture in Ohio, occupying one full car and weighing 20,000 pounds. An engine with a train of boarding cars, was employed in taking care of the fifty men employed in planting, while eight teams were engaged plowing the land.

One and a half million trees will be planted in the same location the coming autumn and winter. Fifteen hundred acres of land are now being prepared for their reception.

This is the practical arboriculture which the International Society of Arboriculture is preparing. Mr. Brown is also editor of the Magazine Arboriculture, published in Connersville.

CHURCH PACKED WITH PEOPLE

Immense Audience Hears Baccalaureate Sermon to Graduating Class.

The throng of people in attendance at the baccalaureate address last night, crowded both the auditorium and the Sunday school room of the Main Street Christian church. The graduating class, accompanied by Prof. Scholl and Miss Lacy, took their seats during the closing organ prelude. The choir opened the service with a very pretty anthem, "The King of Love My Shepherd Is," by Shelley; the solo part was admirably taken by Mr. Jesse Pugh, baritone. In a second anthem, Mendelssohn's, "Oh, For the Wings of a Dove," Miss Ida Mariam Spurrier, soprano soloist, sang the obligato very beautifully. Rev. W. W. Sniff's address, "Let Your Light Shine," was a most earnest and irresistible plea toward a higher and nobler life, and held the close attention of the great audience by its remarkable impressiveness. The service closed with a solo selection from "The Daughter of Jarvis," beautifully rendered by Mr. B. F. Miller.

THE RUSSIANS ARE REPULSED

The Japs Successfully Beat Off Some Minor Attacks, at Chiang Tzu.

Tokio, May 22.—The following report is published: "In the direction of Wei Yuan Paomen on the morning of May 19 the enemy with two companies of infantry and two squadrons of cavalry again attacked Chiang Tzu, but was repulsed at 1 o'clock in the afternoon. Simultaneously the enemy with one regiment of infantry and five squadrons of cavalry actively attacked Ching Yang Pao, but was entirely repulsed, at 6 o'clock in the evening."

"There has been no material change at Changtu except collisions with scouts since we repulsed the enemy on May 18. On the right bank of the Liao river the enemy's cavalry is concentrating, its main strength being at Kungehulian, eight miles west of Fakoman. At noon of May 19 they attempted to threaten the rear of our camps by making a southwestern detour, but our strong guards disheartened them and they retreated far in a northwesterly direction without attaining their object."

The government of Italy has to spend \$30,000 a year in keeping the Colosseum in repair.

A COUNCIL OF DEFENSE

Czar Elevates Grand Duke to Supreme Command of Imperial Forces.

Russia Awakens to Need of Doing Something to Restore Her National Prestige.

St. Petersburg, May 22.—The first step toward the institution of the long-contemplated council of national defense, to co-ordinate the activities of the military and naval administrations has been taken in an imperial manifesto creating a special preliminary commission under the presidency of Grand Duke Nicholas Nicolaievitch.

The manifesto is preceded by a rescript which Emperor Nicholas has addressed to the grand duke, which concludes with the expression of the conviction that the commission will carry out the task confided to it without delay and with the care and undivided attention which the high importance of the new institution demands.

The formation of the council and the assumption by it of control of the war is expected to ensue shortly, as the main details have already been worked out. The dispatch of Grand Duke Nicholas Nicolaievitch, who is designated as the president of the permanent state defense council, to Manchuria to assume direct command of the imperial forces there, has been several times seriously considered, and he has served repeatedly of late as representative of the emperor on commissions dealing with vital questions of the war.

The existing council of war, which has proved unsatisfactory, will be superseded by the new body. The step is an extremely important one, for which the events of the war in the far East have shown the necessity. The two departments failing to work together to the best advantage, even when actuated by the most harmonious feelings, and friction has been often manifested. Many opportunities for helpful co-operation between the two arms of the service are constantly arising, and if Vice Admiral Rojestvensky succeeds in reaching Vladivostok and shaking the Japanese mastery of the sea, the council will play a very weighty role. At the same time, the council is created, not for the present war, but as a permanent organism of the state, subordinating the war and navy departments and even overshadowing the czar's ministers.

It is understood the formation of the new council means the definite abandonment of the plan of sending Grand Duke Nicholas to the far East to assume supreme command on land and sea. General Linevitch and Vice Admiral Birileff will be left unhampered except as to the grand outlines of strategy.

BEAVER'S TRIAL IS CONTINUED

The Case Against the Stock Buyer for Fraud Did Not Come up Saturday.

The preliminary hearing of Ulysses G. Beaver, the Glenwood stock buyer, which was to have come up Saturday morning in Squire Cates court at Connersville was continued until next Saturday. The charges against Beaver for fraud are considered as rather serious and on account of some misunderstanding among the attorneys in the case the preliminary was postponed until next Saturday. Congressman Jas. E. Watson will be one of the main counsel for the defense while Reuben Conner, of Connersville, will assist in the prosecution. The bond on which Beaver was released from jail expired Saturday morning and a new one had to be made out. Security was again obtained by him for the bond.

CUT WORMS TROUBLESOME

Continued Wet Weather Responsible for Their Ravages—Replanting Necessary.

Several farmers seen in the past few days complain of the ravages of the cut worm in young corn. They say that the continued wet weather was responsible for the work of these pests as they do little or no damage in normally dry weather. Many fields will be gone over and missing hills replanted as soon as the ground is sufficiently dry. It is not yet too late to plant corn that will mature before frost.

LARGE CLASS AT CATHOLIC CHURCH

Thirty Six Recieve the First Holy Communion on Sunday.

The services yesterday morning at 8 o'clock at which a class of 36 children took their First Holy Communion, was most beautiful and solemn. Elegant new altars had been put up during the week, and they, adorned with lilies and cut flowers, made the church especially pretty. As the solemn procession entered the church, the organist played Baltman's "Festival March." The music during the whole service was very beautiful, solemn and impressive. The soloists were Mrs. J. Reardon, Miss Maggie Purcell, Miss Notie Moran, Miss Sadie Cauley, Mr. James Cauley and Mr. Mark Purcell.

THE ANNUAL THANKSGIVING

Colored Odd Fellows Hear Fine Address by Rev. Skelton of Cincinnati.

The local lodge, Grand United Order of Odd Fellows held its annual thanksgiving services Sunday afternoon and a large number of people were in attendance. Visitors were present from Greensburg, Shelbyville, Knights-town, New Castle, Anderson, Muncie and Connersville.

At 2 o'clock in the afternoon the Odd Fellows, about one hundred and fifty in number, formed in line at the lodge room on Second street and marched to the Second Baptist church, where the services were held. Prof. Brown was marshal of the day and led the parade.

At the church, Allen Daniels, master of ceremonies, delivered the opening address. This was followed by a song by the church choir. Rev. T. T. Carpenter, of the Second M. E. church, read a passage from the Scripture, and Rev. N. T. Lane, of the Second Baptist church, offered prayer. This was followed by another song by the choir and an interesting paper read by Miss Nannie Orear. James A. Johnson, District Grand Master of the order, delivered a short but interesting address, and Rev. E. D. Skelton, of Cincinnati, preached the Thanksgiving sermon. After the choir sang "God Be With You Till We Meet Again," the Odd Fellows formed in line and returned to the hall.

Negroes in Heaven.

"I knew an Irishman in Amesbury," Mr. Whittier once said, his eyes twinkling at the remembrance, "who was very much opposed to social equality for the negro. I said to him: 'But there are many Catholic negroes in Brazil, the West Indies and other places. Thy church accounts of them as it does of thee. And thee'll have to come to it in heaven. Thee'll have to meet the negroes there on equal terms.' I thought that I had silenced him with an unanswerable argument. He sat musing for a moment, then, looking up at me, 'And can't the Lord make them white in heaven, Mr. Whittier?'"

HE DOES NOT ALLEGE FRAUD

Candidates For Mayoralty Nomination Hates to Accept Defeat.

Votes Were Not Counted For Any Candidate and He Thinks They are His.

Bedford, Ind., May 22.—O. M. Cosner, named as Republican candidate for mayor in last Saturday's primaries, has been served with notice by O. P. Davis, whom he defeated by five votes, of the filing of a petition in the circuit court for a recounting of the ballots and also for the re-examination of the forty-three contested ballots.

Davis in his complaint does not allege fraud, but says that he "honestly believes there was a mistake committed in the official count and especially from the fact that forty-three ballots were rejected and were not counted for any candidate, he believes that these votes been correctly counted he would have been declared the nominee and candidate."

The petition further recites that on Thursday, May 25, the petitioner will ask the Lawrence circuit court to appoint three commissioners to make a recount of all votes cast, including the forty-three that were rejected.

PICKS FLAW IN THE LAW

The Saloon Keepers See Chance For Relief From Liquor Statutes.

The City Attorney of Frankfort Declares New Law Has Been Bungled in one Section.

Saloonists have heard a sound from Frankfort, and they are trying to stiffen their spines to the point of taking hope that it presages the dawn of a day when they can give the laugh to Governor Hanly, and the anti-saloon element in general.

City Attorney Asa H. Boulden, of Frankfort, is seriously of the opinion that the passage of the codification bill by the last legislature which fines all public offenses, the legislature inadvertently fixed it so that the Nicholson law now becomes a dead letter in many of its most important provisions. In an interview the Frankfort News had with Mr. Boulden with reference to his appearance as counsel for Andy Morris, arrested for violating the anti-cigarette law, he made the statement above referred to, and said further that he would raise the point in the first case in which he is employed for a violation of the Nicholson law since the acts of the last General Assembly went into effect. Mr. Boulden stated from a limited investigation of the codification commission's bill, which was passed by the last legislature on the subject of felonies and misdemeanors, which was intended to revise the entire criminal law of the State, that he was seriously impressed with the idea that by the passage of that bill and the provisions of section 699, which provides that "all laws within the purview of this act are hereby repealed," that persons who may engage in the sale of intoxicating liquors without first procuring a license, can now not be prosecuted or fined; neither can persons be fined for failure to keep their screens down during the prohibited hours, who now hold a license. Mr. Boulden bases his opinion on the fact that it is not unlawful in the last act for persons to sell intoxicating liquors without a license, and with reference to screens, blinds, music and the permitting of games to be carried on in saloons, as provided in the Nicholson law, has been repealed by this last act of the legislature.

DEAD MEN WARN LIVING

Hospital Reports Prove That Dyspepsia
Is the Forerunner of Consumption.

Post mortem statistics of the big New York hospitals show that many cases of consumption are due to uninterrupted progress of dyspepsia.

Especially is this true in cases where the victim was predisposed to tuberculosis. Therefore the person who allows dyspeptic conditions to progress unchecked is contributing toward the development of the most fatal disease known to mankind.

Dyspepsia wears out the body and the brain—makes the victim thin, haggard and sallow. The stomach, unable to digest food, cannot supply nourishment. When other diseases come, they enter unresisted.

HAD GIVEN UP ALL HOPE.
"I suffered from dyspepsia and indigestion for several years and it reached such a stage that I could hold nothing on my stomach, and immediately after eating even the lightest foods would be taken with a violent fit of vomiting. I tried a great many remedies, but nothing helped me until I procured a box of Rexall Dyspepsia Tablets, when I obtained instant relief. I am now able to eat heavy foods and I gladly recommend the Rexall Tablets to anyone suffering as I did.—L. P. TOSCANI, 299 Howland St., Detroit, Mich."

Don't take any chances. Cure your dyspepsia at once. Rexall Dyspepsia Tablets will do it. We know what they are and we guarantee them to restore health, strength and a good digestion. Price 25 cents. Only at our store or by mail.

POLITICAL GOSSIP

Nat Hill Being Talked of for State
Chairman.

Indianapolis, May 22.—State Treasurer Nat U. Hill may eventually be brought out as a candidate for chairman of the Republican state committee. Some time ago when there was considerable talk about the chairmanship Hill's name was quietly suggested by some of the "powers that be" and he was pleased with the idea of stepping into Chairman Goodrich's shoes, although he did not say he would be a candidate. He would not, however, make a race against Goodrich, but should the latter decide to retire, and if his friends should urge him to ask for the place he would probably go after it with the energy that has characterized all his political movements. It will probably be admitted generally that Hill has many qualities that go to make a strong chairman. He has a very wide acquaintance and was popular as a candidate for treasurer. Owing to his aggressiveness he has made some enemies, but he is a fighter from the ground up for the party, and it is pointed out that he would make such a chairman as the Hon. John K. Gowdy was in the stormy campaign in which he held the reins. No deal is being framed up to elect Hill, but the suggestion of his name is meeting with much favor.

It looks as if the principal fights at the next Republican state convention will be for treasurer and appellate court judges. There is a large field of candidates for these places, whereas there is a prospect of there being only a very limited number of entries for others. Judge Black of this city will be a unique figure in the free-for-all for appellate judge. He has probably been in office longer than any man in Indiana, yet he is not widely known and is not regarded as a politician. Some of the statehouse politicians took time today to look up Judge Black's record in office. They found that he was reporter of the supreme court in 1868. He held the position nine years. He held an appointive position with the supreme court for many years, and after it was abolished and the appellate court was created he was nominated for appellate judge and nominated. He was out of office during the four years' control the Democrats gained in 1892, but he bobbed up serenely in 1896 and has since been on the appellate bench. Some of the politicians say he must have a rabbit's foot, for he has had great luck. He has won time after time without being well known or making a vigorous effort. He seems to win out without trying. C. C. Hadley, deputy attorney general, will be a candidate for appellate judge for this district and will try to break Judge Black's long string of victories. He said today that he will enter the race.

The Republican nomination for mayor here will probably be made the last week of June. If Bookwalter is renominated he will have achieved the greatest personal political victory of his career, for practically all of the

influential party leaders are arrayed against him. Bookwalter, however, is an optimist on his own chances. He did not see two years ago how he could be beaten, yet the handwriting of defeat was on the wall for nearly a month before the election. He has started in to make an entirely new organization to fight the "all star" aggregation that is backing Stalnaker. The latter's managers are telling Republicans everywhere that they are against Bookwalter, not for personal reasons, but because they feel that he can't be elected. Bookwalter's friends say it is a specious plea. It remains to be seen which side is more convincing. The "little fellows" who frequently do things in the primaries are buzzing around busily for Bookwalter and they may turn the trick for him. Stalnaker has many of the leading lights of the party, but they may not prove as strong in the primaries as the "little fellows"—at least that is the way Bookwalter and his followers figure.

Feltner Seeks Protection.

Lexington, Ky., May 22.—In answer to the letter of R. B. Feltner appealing for his recommendation to the governor that troops be sent with him to Jackson, Ky., Judge Riddell has communicated with Feltner's attorneys and extending the time for Feltner's appearance at Jackson from today until Thursday. The extension was allowed that he might investigate the alleged need of military protection. In his communications to Governor Beckham and the circuit judge, Feltner expressed fear that he would be assassinated because of his evidence in the trial of Judge James Hargis on the charge of conspiracy in the murder of James Cockrill. The governor agreed to send troops if recommended by Judge Riddell. Feltner will appear Thursday to answer to an indictment charging him with the murder of Jesse Fields and a motion for a change of venue will then be entered.

Whites Besieged by Japs.

Honolulu, May 22.—Most of the white population at Lahaina, on the island of Maui, including the military, are prisoners in the courthouse, surrounded by striking Japanese laborers. One Japanese was killed and two wounded by the plantation police during an attack on a plantation mill. The entire 2,300 Japanese laborers on the island are now on strike and are showing violent mood. The steamer Kinai left Honolulu Sunday afternoon, taking national guard company F, consisting of thirty men and forty armed Honolulu police to the scene of the trouble.

TROUBLE AGGRAVATED

Race Prejudice Adds to Difficulties of
Strike Situation.

Chicago, May 22.—Chicago is threatened with a race war of serious proportions. Embittered by the shooting of Enoch Carlson, an eight-year-old boy, last week, by two negroes, the residents in the vicinity of Twenty-ninth and Dearborn streets have armed themselves and clashes between whites and colored men have become so frequent since the Carlson murder that it has been found necessary to detail scores of policemen in the district to preserve peace. Even this precaution has been unsuccessful in keeping the opposing factions apart.

In a riot which broke out in this district last night between the whites and the blacks, James Gray, colored, was killed, Harry Bernstein was mortally wounded and a building in which Bernstein was being held a captive, suffering from four bullet wounds, was stoned and partly wrecked by a mob of 1,000 persons.

The police at central station were notified of the trouble and two patrol wagons and an ambulance filled with policemen were hurried to the scene, but it was only after a desperate fight in which several of the rioters were badly bruised by the policemen's clubs that the mob was forced back.

Another exhibition of the feeling existing between the whites and the blacks was given late last night when Charles Poske was shot in the shoulder by a colored man, at whom he had been shooting during a disturbance at Twenty-third street and Stewart avenue. Poske is watchman in a coal-yard, and it is asserted by him that several negroes started a quarrel with him and tried to kill him.

Sending Only White Men.

Kansas City, May 22.—F. G. Curry, the strike breaker, who has been in this city for several days recruiting men, received a telegram last night from the secretary of the Chicago employers' association, instructing him to send to Chicago all of the men he can secure. Only white men are being sent.

Troops May Be Called.

Chicago, May 22.—Mayor Dunne today said: "Should there be an extension of the strike and the rioting of two weeks ago resumed, there is a probability that troops will be called upon to maintain order."

Graeco-Macedonian Tilt.

Athens, May 22.—An encounter between Graeco-Macedonian bands and a strong Turkish detachment is reported to have occurred in the district of Langadina in Macedonia. Eleven insurgents and fifty Turks are reported to have been killed.

Will Enter on New Job.

St. Petersburg, May 22.—Vice Admiral Biril, who will have command of sea and forces at Vladivostok, will leave for the far East on May 25.

DEATH OF JUDGE TOURGEE

Well-Known American Passes Away at
Bordeaux.

Bordeaux, May 22.—Judge Albion Winegar Tourgee of Mayville, N. Y., American consul here, died Sunday morning of acute uraemia, which resulted from an old wound. Judge

ALBION W. TOURGEE.

Tourgée was taken seriously ill some months ago, but his condition afterward improved and it was believed his recovery was probable. Recently, however, the disease took another serious turn. He was born at Williamsfield, Ohio, May 2, 1838, and was well known as a lawyer, author and lecturer.

ENORMOUS PIPE LINE

Standard's New Plant Will Stretch
Half Way Across Continent.

Kansas City, May 22.—W. F. Gates of Independence, Kan., superintendent of all the pipelines of the Standard Oil company in Kansas, Missouri, Indian Territory and Oklahoma, says: "We are preparing to take care of all the oil production in the Kansas-Territory field. The Whiting, Ind., pipeline will be completed in a few days and then we can handle all the oil produced west of the Mississippi river."

The Standard's pipeline to Whiting from its Sugar Creek refinery recently established on the outskirts of Kansas City, will be completed next Friday, according to officials who have just visited the local plant. The Whiting line, the construction of which began last September, is to supply an outlet for 6,000,000 barrels of oil stored by the company at Humboldt, Caney, Ramona and Neodesha, Kan. At Whiting the pipelines will connect with the company's lines to Bayonne, N. J., thus completing a line that will reach half way across the continent.

The effect of the completion of the line to Whiting will be that the Standard Oil company will be able to handle 75,000 barrels of oil a day.

Fuel Added to Flame.

Washington, May 22.—The action of the Venezuelan courts in finding against the asphalt trust will bring about a crisis in the Venezuelan case, which by reason of the charges against Assistant Secretary of State Loomis and the recall of Minister Bowen, has become a cause celebre. The next step will be a review by the department of justice of the Venezuelan court records. If they are found valid the Bermudez company can have no recourse. If not, the United States will act promptly.

The five hundred loyal fans who witnessed the opening game of the Sunday League in this city Sunday had the pleasure of seeing the local team win out by a score of 12 to 4.

With the exception of two or three bad innings the game was a fair exhibition of ball. It was not utterly devoid of features for there were many kinds of sensational stops, trick and double plays and close decisions. "Little Joe" Herold pulled down a foul fly after a long hard run; John McClellan, Rushville's second baseman, pulled down a hit with one hand which retired the side in the ninth and closed the game with Morrissey on first. Bush, Carter's successor, distinguished himself at short, besides getting two hits and scoring three runs. Hans Wagner led the batting with four hits out of five times up, and Windy followed a close second with three hits out of five times up. Reib stopped a hot one single handed, fired it to first and completed a double play. Winkle made a double play unassisted. Taylor distinguished himself by remarkably fast work in center field and good work with the stick. Reib fielded his position nicely, having nine chances and accepting all of them.

Umpire Miller's work was of the highest order. His judgment on balls and strikes, the players say, was correct at all times. Only once or twice could his decisions on the bases be questioned. Mr. Miller undoubtedly knows the game and is not afraid to call his decisions loud enough for all to hear.

The long hits in the game were made by Winkle, who scored a three sacker and Wagner of the local club, who sent a screaming two base hit to center.

The visitors launched themselves on a journey to the clear blue skies in the very first inning and while they were away on their aerial expedition, Rushville passed five men over the plate, clinching the game. Bush, who was first up, singled, Cullen reached first on an error by Winkle, and Bush advanced to second. Morgan singled, Bush scoring. Wagner singled, advancing McClellan and Morgan; Kiser flied out to left field and McClellan scored on the throw in. "Bean" drew a base and Morgan and Wagner scored on errors by Elmore, who failed to clinch Morgan at the plate and then overthrew to third to catch Wagner. Pearsey was scored on a hit by Taylor and a sacrifice by Herold. Hendricks went out, Segman to Haverland.

In the [second, Bush, singled, stole second, took third on McClellan's hit and scored on an error by Elmore, who failed to hold the ball in an attempt to head him off at the plate. McClellan stole second and Morgan singled, advancing him to third. Both scored in Wagner's two base hit. Wagner and Kiser were retired by Winkle unassisted and Pearsey struck out.

In the fourth, Pearsey scored on an error by Winkle after reaching first on a fielder's choice and being sacrificed to second by Taylor.

Rushville scored three more in the sixth when Bush, Morgan and Hendricks registered on a base on balls, errors by Haverland, Elmore and McCarty and a hit by Wagner. Kiser was struck by a pitched ball in this inning.

The visitors scored three times in the third on a base on balls, a passed ball, a three base hit by Winkle and a hit by Reib. They also tabbed a run in the eighth on errors by Cullen and Morgan, a base on balls and a hit by Elmore.

BASE BALL

The Dayton Reserves play here next Sunday.

President Geraghty is making an effort to get Fred Uhl, of Indianapolis to play first base for the balance of the season.

Secretary Burgess of the Sunday League was unable to be present at the opening her Sunday, owing to important matters elsewhere which needed his attention.

Manager Geraghty has secured the services of Irvin, the big Attica pitcher, and he is expected to be in the line-up to morrow.

Bush, the fast little Indianapolis short stop who played in Carter's place yesterday, will probably be signed by Manager Geraghty for the reason.

John Cullen, formerly second baseman on the Rushville team has resigned to enter College Athletics this fall. He has been succeeded by "John McClellan," of "Dayton, O."

The Appolos journeyed over to Morristown yesterday and defeated the team there by a score of 16 to 8. Charles Stiers of the Appolos, was struck in the head by a pitched ball and laid out for a time, his ear drum having been injured.

The attendance yesterday was not as large as was expected. Interest in base ball here this year, in spite of the fact that Rushville is in a league seems to be lacking. All the other games in the league were witnessed by record-breaking crowds.

The Rushville team met defeat Saturday at Dayton, O., at the hands of the National Cash Register company's team by a score of 2 to 1. McCord only allowed six hits, while Rushville secured 5. The game was very fast and exciting.

Commercial Tribune: J. A. Spinney has booked the Holts, of Newport, Ky., for the opening game at Greensburg, Ind., May 25th. It is the intention of Manager Spinney to play Thursday and Sundays at Greensburg, and also book games away from home through the week with Rushville, North Vernon, Middletown and Connersville. The Linwoods will play two games at Greensburg on July 4th.
